Handbook
Series

“To Effectively Engage, is to Lead”

Introduction:

Our Leadership and Management courses are specifically designed to ensure that participants are supported in identifying and strategising effective approaches to achieve their career and professional goals.

There are range of learning resources that are adopted by specialists running the programme enabling participants to take full advantage of informal networks and learning resources. Professional connections, skills and knowledge sharing within Leadership & Management programme serves as a holistic foundation for relevant and diverse professional development.

Engagement possibilities within programme:

- 1-2-1 individual groups.
- Workshops.
- Distant learning.
- Bespoke training sessions (by special request).
- Podcasts etc.

Leadership & Management
